Schedule of benefits

This schedule of benefits (schedule) lists the **deductibles**, **copayments** or **payment percentage**, if any apply to the **covered services** you receive under the plan. You should review this schedule to become aware of these and any limits that apply to these services.

How your cost share works

- The **deductibles** and **copayments**, if any, listed in the schedule below are the amounts that you pay for **covered services**.
  - For the **covered services** under your medical plan, you will be responsible for the dollar amount
  - For pharmacy benefits where a percentage cost share acts like a **copayment**, you will be responsible for the percentage amount
- **Payment percentage** amounts, if any, listed in the schedule below are what the plan will pay for **covered services**.
- Sometimes your cost share shows a combination of your dollar amount **copayment** that you will be responsible for and the **payment percentage** that your plan will pay.
- You are responsible to pay any **deductibles**, **copayments** and remaining **payment percentage**, if they apply and before the plan will pay for any **covered services**.
- This plan doesn't cover every health care service. You pay the full amount of any health care service you get that is not a **covered service**.
- This plan has limits for some **covered services**. For example, these could be visit, day or dollar limits. They may be:
  - Combined limits between in-network and **out-of-network providers**
  - Separate limits for in-network and **out-of-network providers**
  - Based on a rolling, 12 month period starting with the date of your most recent visit under this plan

  See the schedule for more information about limits.
- Your cost share may vary if the **covered service** is preventive or not. Ask your **physician** or contact us if you have a question about what your cost share will be.

For examples of how cost share and **deductible** work, go to the *Using your Aetna benefits* section under Individuals & Families at https://www.aetna.com/

Important note:
Covered services are subject to the **deductible**, maximum out-of-pocket, limits, **copayment** or **payment percentage** unless otherwise stated in this schedule. The *Surprise bill* section in the booklet explains your protections from a surprise bill.

How your deductible works

The **deductible** is the amount you pay for **covered services** each year before the plan starts to pay. This is in addition to any **copayment** or **payment percentage** you pay when you get **covered services** from an in-network, **out-of-network provider**. This schedule shows the **deductible** amounts that apply to your plan. Once you have met your **deductible**, we will start sharing the cost when you get **covered services**. You will continue to pay **copayments** or **payment percentage**, if any, for **covered services** after you meet your **deductible**.

How your PCP or physician office visit cost share works

You will pay the **PCP** cost share when you get **covered services** from any **PCP**.

How your maximum out-of-pocket works

This schedule shows the **maximum out-of-pocket limits** that apply to your plan. Once you reach your **maximum out-of-pocket limit**, your plan will pay for **covered services** for the remainder of that year.

Plan features

Deductible

You have to meet your **deductible** before this plan pays for benefits.

Deductible type	In-network	Out-of-network
Individual	$1,000 per year	$1,500 per year
Family	$2,000 per year	$3,000 per year

Maximum out-of-pocket limit

Includes the **deductible**.

Maximum out-of-pocket type	In-network	Out-of-network
Individual	$3,000 per year	$4,000 per year
Family	$6,000 per year	$8,000 per year

General coverage provisions

This section explains the **deductible, maximum out-of-pocket limit** and limitations listed in this schedule.

Deductible provisions

Covered services apply to the in-network and out-of-network **deductibles.**

The **deductible** may not apply to some **covered services**. You still pay the **copayment** or **payment percentage**, if any, for these **covered services**.

Individual deductible

You pay for **covered services** each year before the plan begins to pay. This individual **deductible** applies separately to you and each covered dependent. After the amount paid reaches the individual **deductible**, this plan starts to pay for **covered services** for the rest of the year.

Family deductible

You pay for **covered services** each year before the plan begins to pay. After the amount paid for **covered services** reaches this family **deductible**, this plan starts to pay for **covered services** for the rest of the year. To satisfy this family **deductible** for the rest of the year, the combined **covered services** that you and each of your covered dependents incur toward the individual **deductible** must reach this family **deductible** in a year. When this happens in a year, the individual **deductibles** for you and your covered dependents are met for the rest of the year.

Deductible carryover

Any amounts that you paid for **covered services** in the last 90 days of a year that apply toward that year's **deductible** will also count toward the following year's **deductible**.

Copayment

This is the dollar amount you pay for **covered services**. In most plans, you pay this after you meet your **deductible** limit. In **prescription** drug plans, it is the amount you pay for covered drugs.

Payment Percentage

This is the percentage of the bill you pay after you meet your **deductible**.

Maximum out-of-pocket limit

The **maximum out-of-pocket limit** is the most you will pay per year in **copayments**, **payment percentage** and **deductible**, if any, for **covered services**. **Covered services** that are subject to the **maximum out-of-pocket limit** include those provided under the medical plan and the outpatient **prescription** drug plan.

Covered services apply to the in-network and out-of-network **maximum out-of-pocket limit**.

Individual maximum out-of-pocket limit

- This plan may have an individual and family **maximum out-of-pocket limit**. As to the individual **maximum out-of-pocket limit**, each of you must meet your **maximum out-of-pocket limit** separately.
- After you or your covered dependents meet the individual **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered services** that would apply toward the limit for the rest of the year for that person.

Family maximum out-of-pocket limit

After you or your covered dependents meet the family **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered services** that would apply toward the limit for the remainder of the year for all covered family members. The family **maximum out-of-pocket limit** is a cumulative **maximum out-of-pocket limit** for all family members.

To satisfy this **maximum out-of-pocket limit** for the rest of the year, the following must happen:

- The family **maximum out-of-pocket limit** is met by a combination of family members
- No one person within a family will contribute more than the individual **maximum out-of-pocket limit** amount in a year

If the **maximum out-of-pocket limit** does not apply to a **covered service**, your cost share for that service will not count toward satisfying the **maximum out-of-pocket limit** amount.

Certain costs that you have do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-**covered services** which are identified in the booklet and the schedule
- Charges, expenses or costs in excess of the **recognized charge**
- Costs for non-emergency use of the emergency room
- Costs for non-urgent use of an urgent care **provider**

Limit provisions

Covered services will apply to the in-network and out-of-network limits.

Your financial responsibility and decisions regarding benefits

We base your financial responsibility for the cost of **covered services** on when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of **stays** that occur in more than one year. Decisions regarding when benefits are covered are subject to the terms and conditions of the booklet.

Prescription drug – outpatient maximum out-of-pocket limit provisions

Covered services that are subject to the **maximum out-of-pocket limit** include **covered services** provided under the medical plan and the **prescription** drug plan.

The **maximum out-of-pocket limit** is the most you will pay per year in **copayments**, **payment percentage** and **deductible**, if any, for **covered services**. This plan may have an individual and family **maximum out-of-pocket limit**.
